

Must and Musicians

ABERNACLE CONCERT
WILL BE BIG EVENT

No musical event of recent times has attracted more interest than the mammoth tabernacle concert on the 21st. The great number of people taking part alone spreads far and wide the enthusiasm over the music, which seems to grow at every rehearsal, as the work becomes more and more perfected. Several thousand tickets are now spoken for by the concertgoers, who have come from all over the state, and the concert will doubtless find thousands of listeners. Orders are coming in from outside towns, too, from many music lovers and former students and friends of Prof. Stephens. The general public will find tickets in the music stores, and it would be well to secure them well in advance and avoid the expected rush. Though the preparation of such an extensive affair costs a lot of money and labor, Prof. Stephens adheres firmly to the idea of popular music, 50 cents to every part of the house, and "first served, first served," and though doubtless half the house could be disposed of at a dollar a seat by reserving the center.

SONGBIRD ACHIEVES
NEW CONCERT RECORD

Miss Emma Lucy Gates has made another swift concert record, according to word received. Last year the Utah songbird left her opera house in Cassel, Germany, caught a steamboat in some, and within fourteen days from her departure, gave a big concert in the tabernacle in this city.

After her January concert in Salt Lake, Provo and Ogden, Miss Gates left for Europe, arriving in Liverpool January 28. She took a train at once for Scotland, where she sang in three cities with gratifying success.

A few days later Miss Gates sang in London, and then proceeded to fill her engagements in Basle, Switzerland. After these events she joined her father and Miss Romania Hyde in Berlin, and from there she came to Cassel, where she is expected to be at present, unending the reels of red tape necessary to persuade the powers there that her absence last year was unavoidable on account of illness that followed her tabernacle concert here.

What Miss Gates's plans for the immediate future are will not be known for some weeks.

BENEFIT PROGRAMME
RIFE WITH FEATURES

Dancing numbers will be features of the annual St. Patrick's day entertainment to be given Saturday evening, March 15, in the Salt Lake theater for the benefit of St. Ann's orphanage. According to those who have witnessed rehearsals for the event, the numbers are among the prettiest amateur acts ever prepared here.

In addition to exhibitions of the "Irish hornpipe" and "jig," three other ensemble numbers will be presented. The first will be a "Shamrock dance," executed by 100 small girls. The "Kilbarnet dance" will be given by 100 young girls, who have been practicing for several weeks. An especially popular number will be the presentation of the ever-popular "Irish folk dances."

Recital Season Nears.

The coming organ recital season in the tabernacle promises to be the most successful of any from an artistic standpoint. The classic composers are to be honored more, and great organ works are to be given more prominence. In the last decade the organ repertoire has been wonderfully enriched, and the faculty for effective and varied performance astonishingly increased by many inventions in orchestral and other forms of expression, and in multiplicity of mechanical accessories. The organist has written a series of sonatas for organ and orchestra, and the tendency to combine both of these agencies

Young Pianist Proves Success Of New Standard for Recitals

THOMAS GILES.

In performance is becoming more and more pronounced.

Will Offer "Vorspiel."

Four promising students will be presented by John T. Hand at a "Vorspiel" class at his studio tomorrow evening at 8:30 o'clock. The participants will be Miss Sylvia Anderson, soprano, who will sing a group of songs by Logan; Miss Anna Holmstrom, soprano, who is to sing a group of songs from Logan's "Brahmin Garden"; Miss Mabel Cook, soprano, who will translate some of Schubert's songs; and Abdon Oberg, tenor, who will sing from Handel's oratorio. A feature of the "Vorspiel" will be the criticisms given the pupils at the conclusion of their numbers while they are still before their audience. These criticisms aim to give the singer the listener's impression and include technical suggestions where improvement could be made.

Fat Is Ridiculous

Overfat men and women, mortified and humiliated by the publicity of conspicuous rolls and bluffs of fat, are gradually learning that through the discovery of an eminent physician the burden of overfatness is taken from them, leaving the figure attractively proportioned, the flesh firm, the skin smooth and the general health vastly improved, without dieting, exercise or resulting wrinkles or flabbiness. There is no equal and no substitute for the famous Marmola Prescription, but there is a new and more convenient form—a tablet form of this safe fat remover, Marmola Prescription Tablets contain the same harmless, effective ingredients as the original prescription that has enabled so many thousands of uncomfortable men and women to reduce their weight evenly and steadily at the rate of a pound or more a day. An exceptionally large case of these Marmola Prescription Tablets is sold by all druggists at 75c or sent you direct by the Marmola Co., Farmington, Mich., on receipt of price.

AMERICANS WILL BE GIVEN PROTECTION

By International News Service.

WASHINGTON, March 8.—Until there is a far better prospect of peace in Mexico than exists at present, neither the federal troops on the frontier nor the United States war vessels now in Mexican waters will be withdrawn. Secretary of War Garrison announced positively this afternoon that the troops will remain on the frontier for the present and Secretary of the Navy Daniels asserted with equal positiveness that the ships sent within striking distance of Mexico will remain where they are. Mr. Daniels denied emphatically any intention to withdraw the ships of war.

In the opinion of the war department the hope of peace in Mexico is wholly illusory and the status of Americans there is still precarious. "The Mexican baby is only asleep," said one high department official today. "He is likely to wake up and cry at any time."

The war department has no actual news from the front. Despatches from Ambassador Wilson to the state department announces that a real revolution is likely to begin at any time against the Huerta government in the states of Sonora and Coahuila. There dispatches indicate that Huerta himself regards the situation as serious and is taking steps looking to their suppression.

Consul Garrett reports from Laredo that the Maderistas are active at Lampasas, only seventy-five miles south of Laredo.

Consul Hamm telegraphed from Durango that a large force of troops under a former rebel leader, Agumado, is operating in that district. The consul also reports that the town of San Pedro was captured by the rebels under Carranza after an all-night fight.

The consul at Nogales telegraphs that the consular agents south of that city have been cut. The consul at Porfirio Diaz says Carranza is in complete charge of the situation and that he is selling out the property of whomsoever he pleases, including foreigners.

The consul at Juarez telegraphs that the opponents of Huerta have destroyed the bridges on the Northwestern railway and the consul at Chihuahua reports the city of Parral still cut off and besieged by the rebels.

Other dispatches indicate a continuation of disorders which were daily occurring during the Taft administration.

Warns Washington.

WASHINGTON, March 8.—The gathering of Maderistas in Washington, headed by Alfonso Madero, one of the deposed family, centers attention upon

DO YOU ENJOY EATING

Or Does Everything You Eat
Distress You?

Experts declare that the reason stomach disorders are so common in this country is due to hasty and careless habits of eating. Stomach troubles and run-down conditions also usually go together.

John Lind, of Oneonta, N. Y., says: "I have been troubled with a bad stomach trouble for fifteen years, and became so weak that I could hardly walk or do any work. My appetite was very poor, and it seemed impossible to get any relief. Since taking two bottles of Vinol I find that I have already made a remarkable improvement in my health; my digestion is much stronger, and I have gained in weight."

Vinol makes weak stomachs strong because it strengthens and tones up the weakened, tired and overtaxed nerves of the digestive organs. Vinol is easily assimilated by the weakest stomachs, and is delicious to the taste.

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you. P. S. If you have Ecema try our Sazo Salve. We guarantee it. Druggist & Franklin, Druggists, The Busy Corner, and 271 South Main st., Salt Lake City, Utah.

this government's attitude toward what is said to be a junta planning hostile to the Huerta government. The Mexico City government already has called attention to it.

While Madero was opposing Porfirio Diaz the Madero family maintained an elaborate junta in Washington, with which both the state department and the department of justice seemed powerless to interfere further than a close scrutiny of all its movements by special agents.

The Latin-American colony of Washington, which seems to have wireless or underground communications with all the rumblings in Central America, is vibrating just now with all sorts of talk and much of it is hostile to the Huerta regime, and mentioning prominently Venustiano Carranza, the militant governor of Coahuila, and the leaders in any movement for vengeance for the Maderistas.

Quiet at Juarez.

WASHINGTON, March 8.—Self-appointed peace commissioners who failed in their attempts to hold a conference for the purpose of the adjustment of the differences between rival Mexican factions are now en route to Mexico City. Consul Edwards at Juarez, reports. The situation there is undisturbed, he says, but bridges on the Northwestern railroad, seventy miles to the south, have been destroyed and there is no telegraph service between Juarez and Mexico City.

The consular agent at Guaymas reports railway and telegraphic communication destroyed by opponents of the federal government between Guaymas and Hermosillo, where the state troops are in control and enforcing the state rights dictum of the leaders.

The American cruiser Colorado is still off Guaymas. The federal troops there have been ordered to Hermosillo.

Appeals for Help.

NOGALES, Ariz., March 8.—To rescue Americans who are at interior points, three airplanes left here today for the south. They were sent in response to urgent appeals from Magdalena, fifty miles below the border. The Americans were passengers on northbound trains seized by the rebel troops. It is reported that Juan Carranza's rebels intend to attack Nogales, Sonora, after being reinforced by groups from Cananea.

Indirect messages report all quiet at Hermosillo, the state capital, but that the condition there is critical. Refugees from the south report that Carranza's rebels are fully in sympathy with his official stand against Huerta, some moneyed interests at the capital are urging temporary recognition of the provisional president, causing much ill feeling.

Bliss Investigating.

EL PASO, March 8.—General T. H. Bliss, commander of the newly organized southern department, began an investigation today of conditions along the Sonora border. It was said that General Bliss is to make an investigation of the revolt of the Sonora state troops against the Huerta national government on behalf of the war department. General Bliss did not stop here, proceeding directly to Douglas and Nogales, Ariz.

Will Aid Carranza.

LAREDO, Tex., March 8.—Eight hundred volunteers from Chihuahua, commanded by Colonel Rosalio Hernandez and other Mexican chiefs, have arrived at Serrita Mojada, Coahuila, to fight under the Carranza banner, according to advices received here tonight from Ciudad Porfirio Diaz.

COMMERCIAL CLUB PLANS ENTERTAINMENT

Not with the idea of putting other shows out of business entirely, but rather to exploit the accomplishments of its own membership, the Commercial club will give an entertainment on the evening of March 12 that promises to make the green-eyed monster sit up and take notice.

This was determined upon at a meeting of the social committee of the club yesterday. On the same evening a meeting of the membership committee will be held, preceding the big show, and the dinner will be \$1 a plate. The show will comprise a variety of songs, music, both vocal and instrumental, and other forms of entertainment that will surely please.

REPLY ON CAPITOL IS NOT NECESSARY

The sub-committee of the joint committee on appropriations appointed to draft a reply to the communication of Secretary of State David Mattson, in which Mr. Mattson suggested the limitation of the cost of the new state capital to \$1,500,000, reported back to the committee that in view of the wide publicity given to the statement of Mr. Mattson and the estimates of the capitol commission by The Tribune, a formal reply to Mr. Mattson was not necessary. The committee agreed with the sub-committee and decided to consider the Mattson recommendation a closed incident.

TO TALK FIREPROOF CONSTRUCTION HERE

President R. K. Brown of the Utah Society of Engineers announced yesterday that arrangements had been made for a lecture under the auspices of the society by H. B. McMaster, of Youngtown, O., on fire-proof construction and prevention of the spread of fire. Mr. McMaster is a recognized authority on fire-proof construction, and he is on his way to the coast, giving illustrated lectures at the various technical schools, educational institutions and building associations en route.

Mr. McMaster will be in Salt Lake the latter part of March or the first of April, and the date and place of the lecture will be announced as soon as determined. The public generally is invited and there will be no admission charge. An invitation will be extended the faculty and students of the University of Utah, city and state officials, fire officials and allied interests of the state.

TO REPLACE FLUME ON JORDAN CANAL

The city water department will begin the reconstruction of the old Bell Lake and Jordan canal flume at Mill creek Monday morning. Your hundred feet of steel flume to replace the wood structure arrived yesterday from the east and was unloaded along the banks of the canal. The flume will be a concrete structure authorized by the reconstruction of the canal flume, which will be a concrete structure. UGH! NOT CALOMEL, CASTOR OIL OR SALTS, BUT DELICIOUS "SYRUP OF FIGS" TONIGHT

Gently cleanses your stomach, liver and thirty feet of bowels of sour bile, decaying food, gases and clogged-up waste without gripe or nausea.

This wonderful fruit laxative acts as a liver and bowel cleanser—tonic—not as an irritant. Its action is natural and gentle—no gripping. It is delicious—no dreeding. It is positive and prompt—no waiting.

If your stomach is sour and filled with vile gases, your head aches, or you are bilious, nervous, dizzy, sick, your tongue coated, your thirty feet of bowels clogged with waste not properly carried off—don't wait. Surely take a teaspoonful of delicious Syrup of Figs tonight, and in the morning all contracted waste, sour bile, gases and poisons will move on and out of the system, gently but thoroughly—no gripping—no nausea—no weakness. In

the old days people let these matters run until they needed a large dose of physic, then they took something severe, like castor oil, salts or cathartics, that meant abuse to the bowels. These are the days of the gentle and natural—the days of Syrup of Figs. This way you are not drugging yourself. Syrup of Figs being composed entirely of luscious figs, senna and aromatics can not cause injury.

Ask your druggist for "Syrup of Figs and Elixir of Senna," and look for the name, California Fig Syrup Company on the label. This is the genuine—old reliable. Any other so-called Fig Syrup is an imitation often meant to deceive you. Beware such with contempt. (Advertisement.)

A young man and a young woman were planning to be married.

They agreed that neither should spend a dime, but all coins this size should be deposited in a savings account.

They were married before long, and by the wedding day they had enough to make the first payment on a piano. Since then the dimes saved have paid for the instrument.

Now they are saving for a home. They put aside \$5 a week. Deposited regularly in a savings account at 4 per cent compound interest, this will amount to \$1462 in five years. They will not wait five years, however, as they have almost enough now to make the first payment on a house.

Try an experiment NOW. Get a FREE vest pocket coin savor at our savings department, and put into it daily the nickels and dimes you receive in change. When you get \$1, open a savings account, and keep putting away the small coins. The growth of this fund will astonish you.
